

Wandlekind

Alvechurch
Marina

£49,950

A 60ft 1992 TT Marine 6 berth semi-traditional stern narrowboat.

Custom-built for the original owners, Wandlekind was named after the River Wandle in London. The boat is unusual in that it was designed for cruising on canals and rivers in both the UK and France, so has a chine bottom and a 6 inch keel running the length of the boat. The fact that it was used for extended periods of living afloat also means there are storage cupboards and spaces aplenty throughout the boat.

A semi-traditional stern leads through to the first cabin which is a large bedroom, currently furnished with a fixed double bed and 2 singles. There is wardrobe space together with storage beneath the bed.

Moving forward, a side corridor with a radiator leads to the bathroom, which is equipped with a shower cubicle, vanity unit and composting toilet.

A quirky door arrangement on the approach to the galley conceals a built-in larder with shelves, and another large storage cupboard opposite.

The galley is attractively decorated in white and red ply and holds all the usual appliances, as well as a handy breakfast bar with matching stools. Next to this is a writing bureau and chair, ideal for dealing with paperwork or working from home. Just behind the desk in the corner is a solid fuel stove.

Finally, the saloon is surrounded by windows on three sides, making it wonderfully light. A sofa bed can be converted to provide a second double bed for guests, if required.

We are informed that Wandlekind had a new Boat Safety Certificate issued in 2022.
